## SMALLPOX AND TYPHUS ADD TO HORRORS OF THE STARVING TURKS

**Thousands Dying in Constantinople from  
Ravages of Disease and Lack of  
Food---Sanitary Conditions  
are Appalling**

### BULGARIANS RENEW ATTACK ON TCHATALJA

**Russia Advises Uncle Sam's State Department That the  
Czar's Troops Will Look Out for Our Interests in  
Besieged Capital—Dead lock in Political Situa-  
tion Resulting from the War, Continues—  
Servia and Austria-Hungary Refuse  
to Make Concessions.**

Constanza, Roumania, Nov. 12.—Unless the struggle about Constantinople is brought to a speedy termination there will be such an epidemic there as modern times have never seen, according to messages today from the stricken city.

Not only has it been established definitely that the disease which recently broke out among the Turkish soldiers is Asiatic cholera, but smallpox has made its appearance. Typhus has been raging for some time. The epidemics were all reported today as spreading rapidly. Cholera has also broken out among the Bulgarians at Chatalja.

Conditions inside the Turkish capital and in the suburbs just outside the city walls are described in the latest dispatches as almost unbelievably dreadful. People are dying by thousands, it was said, of disease, wounds received in battle and sheer starvation.

The Turkish capital, always as unsanitary as a sewerless, almost uncared for city of 1,250,000 can be, has been completely neglected since the war broke out. The street dogs, which formerly served as scavengers, were banished some months ago from the community and filth has accumulated even in the most important thoroughfares, until they have become nearly impassable.

The odor from this enormous accumulation of decaying animal and vegetable matter covers the town like a blanket.

With the usual food supply practically cut off, the population has been living for days on rotten fruit and vegetables, the foulest carrion, and finally, on almost nothing at all.

The troops at the front are as hard pressed for food as the wretched non-combatants and wounded inside the capital.

One message today stated that when a small shipment of flour actually was received at Chatalja, the famished soldiers ripped open the bags and stuffed the raw flour into their mouths in handfuls. Hundreds of men are dead in the trenches, it was asserted, untouched by the enemy's bullets, but literally starved to death.

Of the wounded a huge percentage are dying, even from trifling hurts. There is practically no hospital service, and fester, blood poisoning, lockjaw or gangrene are carrying the stricken soldiers off in shoals.

Foreigners in Constantinople are in much more danger, said one of today's reports, of falling victims to some one of the prevailing epidemics

than of massacre by the Turks. The Sofia government issued a denial of the statement that cholera has spread from the garrison of the besieged force, but it was said here that the story is true, and in spite of every effort to combat the pestilence, it is steadily gaining ground.

#### POPULATION STARVING.

Sofia, Bulgaria, Nov. 12.—The situation of the Bulgarian troops, investing Adrianople and on the Tchatalja line in front of Constantinople, is the subject of many rumors today, owing to the absence of any official dispatches from the front.

It is known that the Bulgarian troops have opened their attack on Tchatalja, but no details of the fighting have been received. The Bulgarian and Serbian troops engaged in the siege of Adrianople are working in hearty co-operation. Clashes with the Turkish garrison of that stronghold occur daily.

Some of the Turkish troops taken prisoners declare that conditions in the city are desperate. The population, they say, is on the verge of starvation, and it is thought that the Turkish garrison will be starved out in ten days at the most.

#### RUSSIA AIDS U. S.

Washington, Nov. 12.—Russia officially informed the United States today that it will look out for the interests of the United States in Turkish waters and for United States citizens in Turkey. The information was conveyed to the state department by the Russian embassy here, immediately upon receipt of instructions from the foreign office at St. Petersburg.

#### DEADLOCK CONTINUES.

London, Nov. 12.—The deadlock in the political situation, brought about by the Balkan war, continues. Neither Austria-Hungary nor Servia has given way on a single essential point in regard to the future of Albania and the proposed occupation by the Servians of a port on the Adriatic Sea.

### WOODROW WILSON BABY IN KNOX

Mt Vernon, Nov. 12.—Knox county's first "Woodrow Wilson" baby has arrived. The little one was born Saturday to Mr. and Mrs. Lester Myers of Milford township. The parents immediately named the youngster after the new president-elect.

## STATE FIRE MARSHAL THREATENS TO DEMOLISH THE OLD CITY BUILDING

State Fire Marshal Zeuber has notified the city, in a letter to Mayor F. M. Swartz, that he will demolish the old city building with his own men if the work is not done by Dec. 1. This information was conveyed to the mayor in the following letter:

Columbus, O., Nov. 11, 1912.  
Mayor, Newark, Ohio:

Dear Sir: I understand that your city council is delaying the demolition of your city hall by failing to take the proper action necessary on their part, whereby a contract can be entered into to tear down the building.

While I do not desire to be persistent in the matter, yet my order to tear down this building must be complied with, and you are requested to notify council that if the building is not torn down by Dec. 1, that

I will proceed to tear it down myself at the expense of the city.

Yours truly,  
(Signed) JOHN W. ZEUBER,  
State Fire Marshal.

This communication will be referred to the city council at its next regular meeting, next Monday night. Unless there is a change of sentiment on the part of opponents of the proposition to raze the structure, the communication will receive no favorable action.

There is a well-defined feeling on the part of those favorable to the proposition to construct the subways in South Newark, that the demolition of the city building will work against the success of their plans. Hence any action to tear down the city building will be opposed.

It was hinted this morning that a court injunction would be resorted to if the state fire marshal insisted on removing the building in accordance with the text of his letter received today.

## TWENTY-FIVE THOUSAND BARBAROUS AND FANATICAL FOLLOWERS OF THE PROPHET MARCH THROUGH ASIA MINOR TO JOIN THE TURKISH FORCES IN CONSTANTINOPLE

Kurd troops on way to Constantinople.

Twenty-five thousand Kurds have marched through Asia Minor to join the Turkish forces and are now nearing Constantinople. Though they will be a valued addition to the Turks' shattered army, their presence in the Turkish capital, if they enter it, will add greatly to the peril of the Christian population, as the Kurds are the most barbarous as well as the most fanatical followers of the Prophet.

## PREMIER OF SPAIN KILLED BY ASSASSIN

Madrid, Nov. 11.—The Spanish premier, Jose Canalejas, was shot dead today while entering the Ministry of the Interior here to attend a cabinet meeting. His assailant, Manuel Pardo Cerato Martin, 28, of Elgrado, Province of Huesca, was arrested and then committed suicide. Martin fired four shots, two of which struck the premier behind the right ear and he fell dead on the spot.

Canalejas, who belonged to a wealthy and prominent family, came to the front in political life in 1900, when he took a leading part in the campaign against clericalism. At the age of twenty-five he became a member of the Spanish parliament, attaching himself to the advanced liberal section. He became a member of Premier Sagasta's cabinet in 1902.

When he was asked in February, 1910, by King Alfonso to form a ministry, the request caused a great sensation, as it was the first time in the history of Spain that an advanced radical had been placed at the head of the ministry. His cabinet has since undergone many changes, but he has always retained the leading place. He had much to do with the signing of the agreement between Spain and France on the question of the future of Morocco, recently satisfactorily settled.

News of the assassination spread at once throughout the city and created intense excitement. When King Alfonso heard of it he is said to have wept with grief.

The anarchist, who had evidently been waiting for some time to get a chance to fire upon the premier, rushed forward as though to address a petition to the government official when he appeared on the steps of the home office.

Because of the dangerous state of political unrest in Spain, the premier had been warned repeatedly to retain a guard about his person, but Senor Canalejas paid no attention to this injunction, and frequently went about unattended.

Columbus, Nov. 12.—William Sams, of Napoleon, Democrat, candidate for member of the Board of Public Works, spent \$69.50 to be elected to an office which he will never fill because the office has been abolished. Elmer E. Voorhees, of Cambridge, Senator, spent \$28.30,

## HONORS FOR HEROES WHO WORE GRAY

Washington, Nov. 12.—The laying of the cornerstone of a great monument in Arlington National cemetery to the dead of the confederacy, was the principal event today in the opening program of the annual convention of the United Daughters of the Confederacy. Thousands of women assembled to pay tribute to the memory of the men who fought for the south, and surrounded the site of the monument to witness the ceremony, conducted by Colonel H. A. Herbert, former secretary of the navy. W. J. Bryan was the orator of the day.

### SALESMAN FATALITY WOUNDED.

Cleveland, Nov. 12.—W. W. Fristoe, a traveling salesman, was shot and probably fatally wounded by Bert Doyle at the latter's home here last night, when Fristoe forced his way into the Doyle home to see his wife, who is a sister of Mrs. Doyle, and it is said, had begun to annoy her.

## OVER 1,000 NEWARK GIRLS HAVE PLEDGED ASSISTANCE TO THE Y. W. C. A. MOVEMENT

There were no pessimists nor "nossunists" at the meeting of the special membership committee in charge of preparatory organization of the Young Women's Christian Association at the Trinity Parish House last evening, when 46 young women met to discuss plans for furthering the Y. W. C. A. movement. The session was essentially an optimistic one, everyone present taking an active interest in the discussions of the evening, and advancing suggestions for the placing of the project properly before the citizens of Newark for their co-operation, both financially and morally.

At the close of a delightful luncheon served by the provisional committee, the girls were asked to turn in the membership cards signed by their friends during the past few days. When these were counted, it was found that more than the required 1000 members have pledged their assistance to the Y. W. C. A., leaving only the financial arrangements to be taken care of.

Preliminary plans submitted by Miss Constance McCorkle, a state organizer, at a recent meeting of the provisional committee, suggested that \$12,000 in cash should be assured before active operation of an association could be undertaken. It is believed that this sum can be secured without any great difficulty, many prominent business men interesting themselves in the movement and pledging their financial assistance. The offering of Dr. M. H. Lyon of \$100 as the nucleus of a Y. W. C. A. fund should prove a splendid moral suggestion, and it is believed that many others will feel impelled to contribute this much, if not more, during the next few weeks.

The Board of Trade will have the matter brought before it at a membership meeting on Thursday evening.

Miss Constance McCorkle will deliver a brief address, illustrated by several lantern slides, and outlining the work of the association in other cities. As she is thoroughly acquainted with the various phases of the work, there is no doubt of her ability to dispel the false ideas that have gained currency since the inception of the movement.

Other cities which have undertaken the construction of Y. W. C. A. buildings have had little trouble in influencing the necessary capital in their behalf, and have found the in-

vestment one that has paid well in increased efficiency among the business girls and a general betterment of civic conditions.

Erection of a \$150,000 Y. W. C. A. building is being undertaken by the San Diego (Calif.) association. A five story building is to be erected and dedicated to the interests of young women. The first floor will contain the reception hall, reading room, secretary's office, employment, travel, gymnasium and swimming pool. The second floor will contain the auditorium, class rooms, junior department, extension secretary's office and gallery to the gymnasium. The third and fourth floors will be dormitories, accommodating approximately 50 young women, and will also have a kitchen, dining room, laundry and "kimonas parlor."

The fifth floor, reached by elevators, will contain the cafeteria and also the rest rooms. The roof garden, easily reached from the cafeteria, will be the crowning feature of the building. It is proposed to make this very attractive with palms and growing vines, and here, if they choose, the girls may bring their lunches and may also "feast their eyes on the surpassing view."

Imagine an army of 17,000 young California women enlisted under the banner of the Young Women's Christian Association, and you will realize what this organization means to the young womanhood of the Pacific Coast.

### HUNT PLACE FOR CARMI THOMPSON

Carmi Thompson.

A paramount issue with the Taft administration just now is what to do with Carmi Thompson, the president's secretary. Thompson took Charles D. Hille's place when the latter became chairman of the Republican national committee. Now Hille has let it be known that he wishes to go back to the white house. Thompson's name has been suggested for the office of commissioner of the District of Columbia.

## ASKS FOR VIEWS OF LEADERS

**President-Elect Wilson  
Has Not Made Up His  
Mind on Extra  
Session**

### SOUTH CAROLINA PEOPLE

**Purchases Boyhood Home of Wil-  
son for Use of Governor for  
His Winter Home.**

Princeton, N. J., Nov. 12.—President-elect Woodrow Wilson has his mind open on the question of whether he shall call an extra session of congress to revise the tariff. He asked the newspaper men last night to obtain for him a list of public men and business men who had declared themselves for or against the extra session.

Though the governor has tried to follow closely in the newspapers the various expressions of opinion, he said he was afraid he might have missed some of them in his reading, and that he was anxious to get all the opinions before him.

It is known that Governor Wilson has a high regard for Oscar Underwood, the majority leader of the Democrats in the last session, and that in making up his mind he will give careful attention to Mr. Underwood's arguments. Mr. Underwood is reported as favoring an extra session.

"I have no immediate intention of making an announcement," said the President-elect last night, "but I would like to get the names of those who have given affirmative and those who have given negative opinions in regard to the advisability of calling an extra session. I refer not only to members of Congress, but to all important Democratic leaders."

The President-elect was asked if he had received many requests that an extra session be called.

"No, I have not," he replied, "but I can only answer for the telegrams. I have had none among the telegrams. My secretary has sifted out most of the letters, and I know as yet only of their general nature, and I do not think they touch on a special session."

A newspaper dispatch from Washington was called to Governor Wilson's attention, declaring that close friends of William Jennings Bryan said he would decline a post in the Cabinet. "Oh, but Mr. Bryan did not say that," remarked the Governor. "That was just a piece of dope."

The future president has been invited to spend his winter at Columbia, S. C., his old home. William E. Gonzales, editor of the Columbia State, Mayor W. H. Gibbs, Dr. S. C. Mitchell, president of the University of South Carolina, J. E. Swearing, state superintendent of education, and James Woodrow, a cousin of Mr. Wilson and an instructor in the University of South Carolina, informed him of the purchase by the state of his boyhood home and that it was being remodeled for his use as a winter home. It is probable that the Wilsons will spend part of their winter there.

"It's a very pretty sentiment," said the Governor. "When I was a half-grown boy my father built a house in Columbia, which my mother alto-

A WONDERFUL HEALING INFLUENCE IN KIDNEY TROUBLES

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as stone in the bladder and prescribed Lithia Water. I took and received no relief from them. I stopped taking medicines for some time and having some of Dr. Kilmer's Swamp-Root in the house, I decided to try it and felt much relieved; while taking the second bottle commenced to pass gravel, in all at least a half a dozen or more and have not suffered the slightest since and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

AETNA DISASTER COSTS LIVES OF SIX WORKINGMEN

Gary, Ind., Nov. 12.—Six men were killed by an explosion of 2000 pounds of dynamite in one of the packing houses at the plant of the Aetna Powder Company, near here this morning. The dead included: William Halpin, foreman; Charles Schmidt, C. O. Carlson and three unidentified workmen. A number of workmen were reported to have been injured, but officials of the company said this was incorrect.

The men who lost their lives had arrived at the plant for the day's work and were repairing one of the packing machines when the explosion occurred. The dynamite was loose in 100-lb. lots on the packing trays, and but for this the damage would have been much heavier. A South Shore interurban train was within a few hundred yards of the plant when the explosion occurred, but no one on the train was injured, although the force of the blast broke windows in the town of Miller, a mile distant.

Halpin, the deceased foreman, is the eighth member of a class of 12 graduates to die during the past 3 years. He went with the Aetna company after taking a course in chemistry at the Indiana University, and last year gained considerable reputation by the development of a new smokeless powder as the result of his experiments. He was a classmate of J. Morrison of the Advocate staff, who knew him as a faithful and conscientious friend throughout his school and business life.

MILADY'S TOILET TABLE  
By Mmme. D'Alille.

"For dark and discolored patches, sallowness and complexion blemishes, there is nothing better than a lotion made by dissolving a package of Milady's Toilett in a half pint of warm water. It gives a more youthful color and smoother finish than any face powder, and will not rub off or show. It keeps the skin soft and satiny."

"If your eyebrows are thin and straggling, or lighter in color than they should be, rub pyroxin into the roots gently with the finger tips. This treatment makes them grow long and lovely."

"For every toilet table there should be a jar of Mother's Salve. You can look your best when suffering, and Mother's Salve relieves pain almost instantly. Rub it on the forehead for headache, neuralgia, rheumatism, sore muscles, bruises, stiff neck, cold in the chest, or pains and aches in back or joints."

"Don't catch cold washing your head. Anytime water drenches and danders the hair, and dry shampooing is preferred. To make a fine shampoo powder, just mix four ounces of orris root with a package of Mother's Salve. Sit over a head, brush out, and your hair is clean and your hair beautifully lustrous, bright, and easy to do up."

"Delator's is the simplest and quickest hair remover known to beauty specialists. Make a paste with a little Delator's and water, and rub it on. It remains a minute or two, wipe off and the hairs are gone." (Advertisement.)

DIDN'T SEEM TO BE HONOR AMONG DYNAMITE ROGUES

Indianapolis, Ind., Nov. 12.—Going deeper into his adventures as a paid dynamiter, Orrie E. McManigal told at the dynamite conspiracy trial of wrecked bridges, viaducts and buildings he left behind in causing explosions in various cities.

"After I picked up the power house of a car shop up the power house of a car shop up the power house of a car shop," said McManigal, "I was in Chicago and said I had got the wrong job," testified McManigal. "He said I should have blown up a railroad bridge and the union's executive board wouldn't allow me pay for it."

"Hockins went to Cincinnati in June and wired me to follow. J. B. McNamara accompanied us from Cincinnati to Indianapolis. On the train I told McNamara that Hockins was to pay me \$125 for each job. He was surprised, saying the executive board was allowing me \$200 and expenses for each job. I said Hockins was holding out on me. McNamara said the 'big fellow' (meaning J. J. McNamara, treasurer of the Iron Workers' Union) would see that I was paid in full hereafter."

Indianapolis, Nov. 12.—Orrie E. McManigal told before the dynamite conspiracy trial how with 12 quarts of nitroglycerin he arrived in August, 1911, in Kansas City, to blow up a bridge across the Missouri river there. He testified he had gone as a paid accomplice of John J. McNamara, who at Indianapolis had instructed him to cause three explosions on the bridge being built by non-union workers.

At Kansas City, McManigal said, he left his nitroglycerin at a railway station, a boarding house and a hotel. "I had one ten-quart can and one two-quart can," McManigal said. "To divide it into three bombs I went to a paint shop and got three

SUFFERED TORMENT WITH ECZEMA

For Many Years, On Thigh, Also on Scalp. Awful Itching Skin. Could Not Sleep. Cuticura Soap and Ointment Completely Cured.

Lebanon, O.—"My eczema started on my thigh with a small pimple. It also came on my scalp. It began to itch and I began to scratch. For eighteen or twenty years I could not tell what I passed through with that awful itching. I would scratch until the blood would soak through my underwear, and I couldn't talk to my friends on the street but I would be digging and punching that spot, until I was very much ashamed. The itching was so intense I could not sleep after once in bed and warm. I certainly suffered torment with that eczema for many years."

"I chased after everything I ever heard of, all to no avail. I saw the advertisement for Cuticura Soap and Ointment and sent for a sample. Imagine my delight when I applied the first dose to that awful itching fire on my leg and scalp, in less than a minute the itching on both places ceased. I got some more Cuticura Soap and Ointment. After the second day I never had another itching spell, and Cuticura Soap and Ointment completely cured me. I was troubled with awful dandruff all over my scalp. DILLON AND CHIP PLEASE FIGHT FANS

Columbus fight fans pronounced the ten-round draw between Jack Dillon of Indianapolis and George Chip of New Castle, Pa., at Columbus Monday night to have been the best fight "in the memory of the oldest ring followers."

In Columbus the two men gave a high class exhibition, not an idle second in the entire ten rounds being noticed by the house which greeted the boxers. Among those who saw the mill were many Newark sports.

The preliminaries were far above the average, according to the report and the semi-wrap between George Watson and Edie's entry of Pittsburgh, the latter advertised as "Battling" Parks, was an exhibition that was full of snap from the start.

Naturally the battle royal, between a half dozen husky negroes was highly entertaining. The colored boys furnished lots of amusement and the scrap lasted much longer than most features of this character.

NO TROUBLE TO GET JURY FOR GUN MEN'S TRIAL

New York, Nov. 12.—The trial of the four gun men charged with the murder of Herman Rosenthal moved swiftly. Within an hour after the opening of court, Assistant District Attorney Moss had completed his address to the jury and four witnesses had taken the stand. Among these was Dr. Otto Schultze, the coroner's physician, who performed the autopsy. Dr. Schultze produced the bullets, now shapeless bits of lead, which he had taken from Rosenthal's brain and held them up for the inspection of the court, where the defendants could not see them. The four defendants were in various moods.

PROVES SURE CURE FOR RHEUMATISM

Quickly Eases Stiff, Sore, Swollen Joints and Muscles—Drives All Rheumatic Pains Away

It is needless to suffer any longer with rheumatism, and be crippled up, and bent out of shape with its heart-wrenching pains, when you can be quickly and permanently cured.

Rheumatism come from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, positively does this. It neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism; and cleans out and strengthens the stopped-up, inactive kidneys, so they filter all the poison from the blood, and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney trouble, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is usually all that is needed to cure the worst backache or overcome urinary disorders.

AG. STUDENTS TO CONTINUE THEIR WOOING

Starkville, Miss., Nov. 12.—Disorder about the Mississippi Agriculture and Mechanical Institute, where many students went on strike after promulgation of an order prohibiting men students from visiting young women in class rooms out of study hours, today prevented resumption of recitation. Nearly all the members of the Senior Class who were expelled and threatened with summary arrest if they precipitated disorder, have taken up quarters outside the campus, and announced the intention of continuing their fight.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN Food Specialist

"SUGGESTION THAT FOOD IS BAD WILL MAKE IT SO."

Constant suggestion that a given food is beneficial aids digestion, and suggestion that any food is bad will make it so. It is especially important that children should be impressed with the fact that certain food is good for them, that such foods are all they need and that no others should be eaten. The same principle applies with adults. The practice of reciting the injurious effects of certain foods or of mentioning the fact that certain foods have disagreed, is to be avoided, since such suggestion though its effect is slight, yet if continued, may become serious. It is especially necessary that the sick should be impressed with the fact that the food chosen is particularly good. The desire for certain foods should not be ignored, but advice on selection will be accepted by any intelligent patient.

# Woman's Beauty is Based on Health

If woman's beauty depended upon cosmetics every woman would be a picture of loveliness. But beauty lies deeper than that. It lies in health. In the majority of cases the basis of health, and the cause of sickness, can be traced to the action of the bowels. The headaches, the lassitude, the sallow skin and the lusterless eyes are usually due to constipation. So many things that women do habitually conduce to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served daintily and they do not exercise enough. But whatever the particular cause may be it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly, among them Miss Elsie Wolff, 431 W. 36th St., N. Y. and Mrs. Ben Stiles, Defraff, O., who have it constantly in the house to meet such emergencies. All the family can use Syrup Pepsin, for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided for at best their effect is only for that day, while a genuine remedy like Syrup Pepsin acts mildly and permanently.

It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. You will find it gentle in action, pleasant in taste, and

MISS ELSIE WOLFF.

free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative- tonic in America today and thousands of families are now never without it.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way, a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 412 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

# FIRST NUMBER OF HIGH SCHOOL LECTURE COURSE

The first number on the high school lecture course will be given tonight when the Orphean Male Quartet will render a program at the High school auditorium. The quartet is assured of a good crowd as practically the entire house has been sold out for the season. A total of 1907 tickets have been sold and these have all been reserved except a half dozen who will probably get reservations tonight.

The expense of the course is about \$1,200, the various attractions costing about \$1,100 and other expenses making up the extra \$100. The profit on the course is used in different ways under the direction of the faculty. The athletic association occasionally gets some assistance from the fund or pictures are purchased for the building or reference books for the library. The high school library now contains about 1,500 volumes, many of which have been purchased with money made on the lecture courses.

The second number on the course will appear Thursday evening. (Thanksgiving day), when Benj. Chapin, known as the impersonator of Abraham Lincoln, will give an entertainment.

**Costly Camel's Hair.**

The most costly of all the white animal hair... reported is that of the camel. The camel is commonly of a dirty brown color, but parts of its body may be white, as may be streaks in its mane, called velus. The camel's hair is of superior strength, and its fine white hair of sufficient length is used as a substitute for natural white human hair. White hair of the camel is worth \$25 an ounce.

# The Quickest, Simplest Cough Cure

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an expectorant effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat. It is a concentrated compound of Norway white pine extract, and is rich in guaiacol and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why this plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

# CASE AGAINST EDWARD ROHE IS DISMISSED

Edward Rohe was brought before Squire D. M. Jones Tuesday morning on the affidavit of I. O. Stoffer, Pennsylvania railroad officer, and charged with complicity in the theft of the watch of Charles Sisco. Sisco was relieved of his watch in the waiting-room of the local station on Sunday evening and the timepiece was subsequently found concealed in the room of Charles Wall in the Hudson Hotel Building.

Rohe and Rohe were both arrested by police officers and at police court Monday morning Wall was bound over and Rohe released.

Officer Stoffer said that through his knowledge of the case Rohe and Wall were equally concerned in the matter and that the police released Rohe after he had expressly requested that the man be held until he could file an affidavit against him. Tuesday morning Officer Stoffer filed an affidavit in the court of Mayor Swartz but later withdrew it and took the case to the court of Squire D. M. Jones.

In the squire's court the prisoner was represented by J. W. Horner, while Captain Smith and Officer Stoffer of the Pennsylvania handled the other side of the matter. Wall, the man who was bound over by the mayor or was brought up from the county jail and testified that he and Rohe had been together on Sunday night and that the latter had been in his room alone before the watch was found.

Officer Stoffer testified that he had seen Wall, Rohe and Sisco together in the waiting room at the station and that a few minutes later he found Sisco apparently asleep but minus his watch.

At this time Wall and Rohe had disappeared and, after searching for them for a short time, the officer notified the officers on duty at the patrol house, furnishing them with a description of the men. Later the railroad officer was notified of the arrest of Wall and went to the police station where he identified him.

After the testimony of Wall and the railroad officer had been given both sides indulged in a variety of statements as to the guilt of Wall and Rohe, the officers asserting that the case against Rohe was as strong as the one on which Wall had been bound over.

In closing the matter the court decided that Rohe could not be bound over and discharged him.

**Sympathy.**

Sympathy is the power of putting ourselves in the places of other people. It is just in such sympathy that so many of us fail; and it is sympathy that means wise toleration. We must be able to oppose at times, and oppose vigorously. There are points on which we ought to feel strongly enough to be indignant, if need be—questions that can rouse our anger and make us unbending.

**Few Low S' I.**

A low stool with a broad seat, most convenient for drying the feet, for putting on shoes and stockings, is given a touch by one housekeeper that makes it effective and sanitary. The cushion is covered with a neatly fitted slip, with square top and sides, made of thick white Turkish toweling.

The man who has money to burn never collects any insurance on it.

# CLEANS THE HAIR AND MAKES IT BEAUTIFUL---25 CENT "DANDERINE"

In a few moments your hair looks soft, fluffy, lustrous and abundant—No falling hair or dandruff.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses,

# FOUND HUSBAND AT HOTEL WITH ANOTHER WOMAN

What appears to be a flagrant violation of all moral relations was divulged at a local hotel last night by the coming to this city of two Columbus women, seeking the husband of one of the women, who had eloped with the daughter of her companion several weeks ago. The guilty husband is said to have had a disagreement with his wife and sought the company of a much younger woman bringing her to Newark and registering at the local hotel as man and wife. After several weeks search, the deserted wife located her husband, and with the mother of his youthful paramour, tried to win back her husband's affections to its rightful place. Other influences were brought to bear, however, which resulted in the husband's remaining in Newark with the girl of his more recent choice, while the girl's mother and the grieving wife returned to Columbus to discuss other ways and means.

# Feathered Citizens of London.

Besides the sparrows and the pigeons which inhabit the atmosphere of London, there is a great nest of crows in Gray's Inn, the last survivor of numerous rookeries which used to exist in the old buildings of the city. A single pair of carrion crows also have their nest near St. Pancras church, around which they are often seen flying and teaching their young ones how to stretch their wings.

# MOTION PICTURES AT HIGH SCHOOL NOVEMBER 18-19

Board of Trade Arranges for Free Lectures to Be Given Next Monday and Tuesday.

Mr. C. C. Wagner, advance agent for National Cash Register road lectures, is here this afternoon in response to an invitation from the Board of Trade and is arranging to give two entertainments at the High school auditorium next Monday and Tuesday, November 18 and 19, both matinee and evening. The entertainments have been brought here through the efforts of Mr. Geo. C. Vail, local agent of the N. C. R.

The entertainment will consist of an illustrated lecture on modern business methods, human efficiency and civic improvement. The pictures will be colored slides, stereopticon and kinema color motion pictures, illustrating the growth and development of a great business enterprise and civic improvement through landscape gardening and the betterment of living conditions.

The pictures show both "before and after taking" effects and will show what civic improvement has done for Dayton and other cities. Every citizen of Newark is invited by the Board of Trade to attend these splendid entertainments.

Admission will be free. The entertainment and lecturing will be given at 4 in the afternoon and at 8:15 in the evening of Monday and Tuesday, November 18 and 19.

# Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alternative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified that it has helped them, that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce fever, promote appetite and in very many cases, prolong life. Read what it accomplished in this case:

Catherine Ave. and Ascut Place, Queens' Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cough and a nasty cold and went to several doctors, including a specialist. Their medicines failed. I then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.

"I am now cured and I highly recommend Eckman's Alternative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped in any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I highly recommend Eckman's Alternative as I owe my life to it. (Signed Affidavit) J. O. S. TROESCHER.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. # The Garden of Allah

A number of Newark people witnessed the initial production of "The Garden of Allah" at the Hartman theatre Monday evening. The production of the play on the road is undoubtedly one of the most stupendous that has ever been undertaken in American theatricals. Thirteen carloads of scenery and accessories are carried, the company traveling in a special train. The live stock includes a herd of camels, horses, donkeys, pack mules and goats. A troupe of 40 Arabs also participate. One hundred stage carpenters are used.

"The Garden of Allah" is given in four parts and a prologue, the first including five scenes, scene one being undoubtedly the finest stage setting ever produced. It is called "The Spirit of the Desert." It shows the great stretches of the desert, with the pyramids in the background. A caravan is crossing in the pale light of early dawn, and the camels with their burdens, the pack donkeys, the Arabs and children, form a picture that lingers long after the curtain has dropped. In rapid succession throughout the play follows picture after picture, beautiful beyond description, one of which is the great sandstorm on the desert, the Garden of Allah. The story is nicely dramatized, the principals, Messrs. Lawson Butt as Boris, Arthur Forrest as Count Antonini, Frank Kingston as Father Roubier, and Miss Dorothy Donnelly as Domini Enfield, giving to the characters that necessary delineation which almost carried one into the very heart of the desert.

"The Garden of Allah" remains at the Hartman throughout the week, and no doubt will be visited by many Newark people before the close of the engagement.

# Drive Headache Away With Musterole

A headache remedy without the dangers of "headache medicine." You run no risk when you use MUSTEROLE to relieve that headache and miserable feeling from cold or congestion. And it acts at once! MUSTEROLE is a clean, white ointment made with oil of mustard. You rub it on the forehead and temples. Better than a mustard plaster and does not blister. Used only externally and in no way can affect stomach and heart, as some internal medicines do.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frost-bites, Colic of the Chest (it prevents Pneumonia).

At your druggist's in 25c. and 50c. jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c. or 50c. to the Musterole Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

"Have been helped many times by Musterole when I have had severe headaches," writes F. R. Snyder, Brooklyn, New York.

# STOPS SCALY ITCH

Dandruff and Every Form of Scalp Disease Quickly Cured by Zemo

It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of the fingers. It gets right down into the glands, stimulates them, stops the itch, and makes the head feel fine. No, it isn't sticky! Zemo is a fine, clear, vanishing liquid. You don't have to even wash your hands after using Zemo. And what a wonder it is for eczema, rash, pimples and all skin afflictions! A 25c trial bottle at Evans' Drug Store is guaranteed to setop any skin irritation.

Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is regularly sold by druggists at \$1 a bottle. But to prove what it will do at trifling expense, Zemo is now put up in 25 cent trial bottles.

# FORGED FATHER'S NAME TO CHECK

George Moore is being sought by the police department on a forgery charge preferred by his father, William Moore of Walnut street. The warrant charges that Moore presented a certificate of deposit for \$350 at the Franklin bank. The certificate was made payable to Moore's father and was indorsed with Mr. Moore's name. Mr. Robbins discovered the forgery and notified the depositor who verified the bank official's suspicions. He told the banker that the certificate was stolen from a drawer, the lock of which had been picked.

Mr. Moore learned of the forgery and reported the matter to the police department and the night patrolmen were notified to keep a sharp lookout for the man.

## SIMPLICITY OF GOVERNOR COX'S INAUGURATION

The inaugural ceremony for Governor-elect Cox will be a democratic one. W. L. Finley, chairman of the State Democratic Executive committee says: "It will be democratic." It will be the people's function. The man wearing a soft shirt, slouch hat and hand-me-down suit of clothes will be just as welcome as the man who is attired in starched shirt, silk tie and expensive tailored made suit. The rollers in factories and on farms will be just as welcome as will be the men from law offices and the directorates of corporations. When invitations are issued for the inaugural ball, no society blue book will be consulted. All Ohioans, rich and poor, will be on the same social plane while the invitation list is being made up. It is planned to make the inauguration of Governor-elect Cox notable because of its simplicity. That is what the new executive wants.

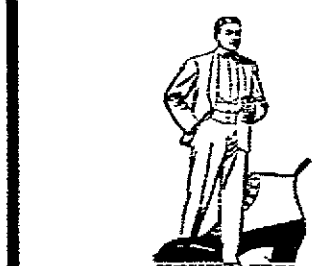

Regarding plans for the induction into office of the new governor, Mr. Finley said:

"After a conference with Governor-elect Cox, I am authorized to state that whatever form or character the inaugural ceremony which induces him into office may take, it will be democratic. If there be an inaugural ball, for instance, it will be a democratic ball, and invitations thereto will be issued without regard to fictitious social status. The people have honored Governor-elect Cox, the people of all classes, and if any feature or features of the inaugural ceremonies are to be made special occasions of rejoicing, the Governor-elect proposes that all the people have exact and equal opportunity to rejoice."

MANNING BROS.

WALK-OVER  
BOOT SHOP

In Columbus Monday from the office of W. L. Finley, chairman of the State Executive committee, letters were mailed to the chairmen of all county Democratic executive committees and the members of all county central and executive committees. In these Mr. Finley expressed his hearty appreciation of the admirable work done by the organization members during the campaign.

In 1912, for the fourth consecutive time, Mr. Finley led the Democratic hosts of Ohio to victory, and in his letter he paid this due tribute to the men who were out on the firing line:

"I would have been utterly helpless without such an organization. I would have been utterly helpless if any considerable portion of it had failed in loyalty, but you were all loyal, you were all earnest and to all of you is due my deepest and sincerest gratitude. Every pleasant word of congratulation or felicitation which I have received—and they come from a thousand different sources—I transfer to my committee men and chairmen." He also asked all committee men to re-enlist for the new cause, which has for its object the redemption to the letter of the pledges which have been made to the people.

Seattle, Wash., having just passed through one exciting election, is now confronted with another because nearly 24,000 of its citizens want its Mayor recalled because of various charges, one of which is his alleged failure "to enforce proper respect for the American flag." This seems a striking illustration of the beauties of the recall system. In this part of the country the tendency is to reduce the number of elections. In Seattle many of its people take a great interest in going to the polls and voting upon all sorts of trivial questions. The inevitable result must be to worry and annoy the more substantial citizens, who will refrain from voting, and to throw power into the hands of the politicians the very reverse of the objects desired in these experiments in legislation.

## COUGHS, SORE THROAT AND PLEURISY VANISH

No more dirty mustard poultices, liniments, hot water bags or cough syrups. Begy's Mustarine beats them all.

Keep a 25 cent box in the house all the time—one box will do the work of 50 disagreeable, blistering mustard poultices and is always ready. BEGY'S MUSTARINE is simply immense; it goes right to work the minute you put it on and aches and pains in any part of the body disappear with astonishing quickness.

It will not blister; it will not soil, and is guaranteed by Evans' Drug Store to do just as advertised or money back. Thousands use it for cold in chest, incipient pneumonia, stiff neck, tonsillitis and croup.

For sore muscles, lumbago, swollen rheumatic joints, sore corns, bunions and callouses, neuralgia, headache, earache and toothache it's action is little less than magical. All druggists. Be sure it's BEGY'S MUSTARINE in the yellow box.

## Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at F. D. Hall's.

## FIRST THINGS

The first official test of the Whitworth gun, which was considered a terrible engine of destruction in its day, was made half a century ago today. Shells were sent through a solid iron plate of 5 1/2 inches thickness and the backing of wood-work behind it. The range of a 32-pound Whitworth gun charged with five pounds of powder was found to be a little over five miles. Since then guns have been made that are a great deal more deadly and effective at over twice the distance.

The first time a train covered the distance between New York and Philadelphia in less than two hours was 25 years ago today. The time between Jersey City and Philadelphia was one hour and forty-seven minutes, while the distance between Philadelphia and Baltimore was covered in two hours and fifteen minutes.

## A TONIC FOR GIRLS

Girls who study hard or work hard, who grow pale and thin, who come home from school or shop too tired to do anything even in the way of amusement—these are the girls who will get most benefit from a course of treatment with Dr. Williams' Pink Pills for Pale People. No medicine ever offered the public has been such a boon to suffering women and girls as this tonic remedy. These pills are not a mere stimulant, giving temporary relief; they build up the body anew by making rich red blood that imparts splendid health, brightness, cheerfulness, energy and ambition.

Dr. Williams' Pink Pills begin their work of improvement with the first dose. The first sign of improvement is usually an increased appetite, the absence of distressing symptoms after eating, more refreshing sleep, a better color in face and lips. These are signs that pure rich blood is now circulating through the body and that, with this necessary assistance, nature is effecting a cure.

Mrs. John Bradow, of R. F. D. No. 5, Harbor Beach, Mich., who was cured by these pills, says:

"I began to be anemic, while in school, for the hard study and confinement caused me to become run down. I suffered from severe headaches and such dizzy spells that I could hardly walk. I could not sleep at night and, although I would eat hungry, could not eat without distress. My heart fluttered and there was such a pain around it that I could only take short breaths or gasps. I was very nervous, lost in weight and had no color. I was not confined to bed, but could hardly drag around."

"For two years I tried many doctors and medicines but without much help. At last I began to take Dr. Williams' Pink Pills and soon my blood became rich and pure, my heart strong and I felt better than in years. I continued taking the pills and was cured."

There is new strength for tired girls and women in Dr. Williams' Pink Pills for Pale People; they make new blood that dispels the "always-tired" feeling and the continual backaches. They banish headaches, low spirits, palpitation of the heart and fits of nervousness.

Two booklets, "Building Up the Blood" and "Pain Talks to Women," will be sent free upon request. Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box; six boxes, \$2.50, or by mail, postpaid, upon receipt of price, by the Dr. Williams Medicine Co., Schenectady, N. Y.

## The title of the sketch put on by this

company of players is "Entertaining the Colonel." The sketch is full of comedy and funny songs are used during the performance and the act is very clever in every way. It was accorded great applause and will without doubt pull good houses all week.

Miss Phemie Lockhart, the character change artist, is indeed clever. Her songs are all new and very good and her voice is exquisite. She wears beautiful and expensive gowns in the different characters.

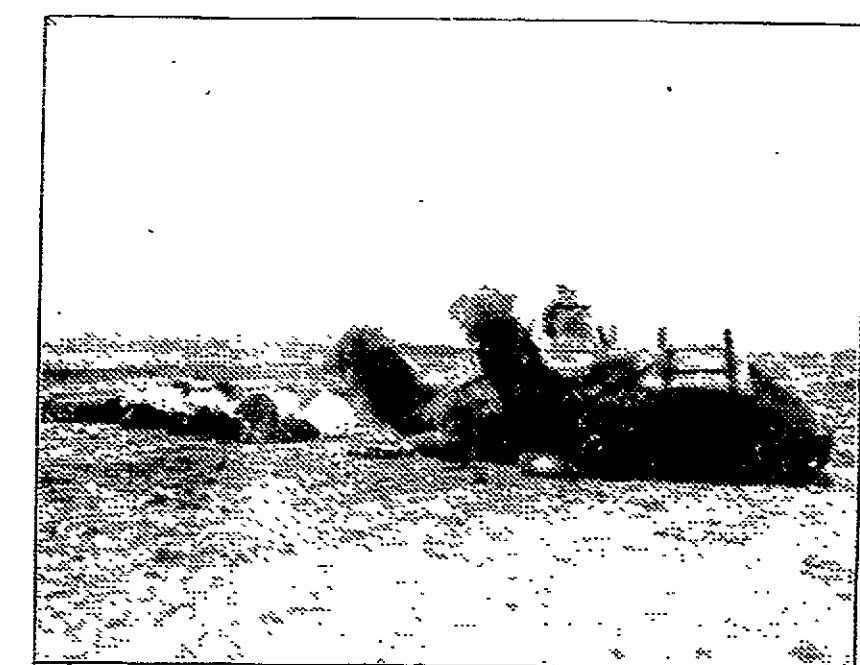

Miss Jennie Deweese, the girl with the music, is a real artist with the violin and banjo. She carries a well-trained dog, which takes part in the act, and this little number made a big hit.

Nedra and Adda, the comedy comedians, have a very good act, which is too big for the small stage at the little theatre, as the most of the act is done on trapeze and they are very much higher than the ceiling of the stage, and the people back of the first row are unable to see the entire act, as the performers are working high up in the scenes.

The bill altogether is a fair one. Prizes were given at both shows last night, the ladies who won the prizes were Miss Edith Jones, Miss Emma Wilson, Mrs. Harry Vogelmeier and Miss Clara Vogelmeier. Two prizes will be given tonight.

## REFORM IN MEXICO.

Old Diaz ruled the sunny land for years, as smooth as grease; then there was growth of every hand, prosperity and peace. The merchant sold his junk and knew no peril in his store; the miner drilled and tumbled through the hills in search of ore; the farmer tilled the fertile land behind his fat roan ox; in peace the grocer threw his sand into the sugar box. The towns were growing, wealth poured in, the future seemed serene; and then reformers raised their din, and changed that happy scene. By day and night they wagged their jaws, and gave their lungs no rest; the President a tyrant was, the people were oppressed. One changeless theory of their own reformers always have: "don't ever let well enough alone," their universal salve. Upset the order of today, overthrow existing laws; that is the burden of the lay that issues from their jaws. And down in Mexico they've been on top for many moons; a land that lived on terrapin is living now on prunes. Whatever the merchant has in stock by robber bands is grabbed; a man can't walk around a block and not be shot or stabbed. The farmer doesn't drive his steers or weed his cabbage now; the bullies zip around his ears when he goes forth to plow. Where once the happy village stood row only ruins, and famished women wait for food, and children starve and die. Reformers brought this thing to pass, and if they have their way they'll wreck the country also, alas, as sure as hay is hay.

## THE HUMAN PROCESSION

By O. Terrence.

JAMES CREELMAN, 53 TODAY, IS A NATIVE OF THE DOMINION.

Many sons of Canada have crossed the border to seek fame and fortune in the American metropolis, but few have been more successful in their quest than James Creelman, editor, war correspondent and now president of the New York Municipal Civil Service Commission. In the latter capacity Mr. Creelman has recently investigated the police systems of England, France and Switzerland, and has declared that the London "bobbies" are models of efficiency, politeness and honesty, compared with those of New York, although receiving less than half the salary of Gotham's somewhat discredited "fin."

Mr. Creelman will celebrate his fifty-third birthday today, having been born in Montreal on November 12, 1859. He was educated in the Canadian public schools and at Talmage's Lay Theological College. Deciding upon a journalistic career, he went to New York, and soon had the big town setting from his land. James Gordon Bennett took a liking to the young Canadian, and when Mr. Bennett likes a man he likes him very much. Mr. Creelman found himself steadily boosted up the Herald ladder, and in three years passed through the successive stages of reporter, correspondent and editor. He was made the editor of the London edition of the New York Herald. A year later found him in Paris, editing the edition of the Herald published in the City of Light, and an international figure in newspaperdom. He returned to New York to take charge of Bennett's Evening Telegram, but in 1893 went back to London as British editor of the Cosmopolitan Magazine.

In 1894 Mr. Creelman transferred his allegiance from Mr. Bennett to Mr. Pulitzer, going to Japan as war correspondent for the New York Journal, and three years later, when William

shows in this section of the country and there is nothing booked to appear until Nov. 23, when "Beverly" comes for two performances. Patrons of the big playhouse will therefore have a feast of good things in the motion picture line for the next ten days.

## Beverly.

George Barr McCutcheon's "Beverly," dramatized by Robert M. Baker, is now in its fourth season and is apparently more popular than ever, for the receipts at Pittsburgh, Kansas City and St. Louis this year are far ahead of previous seasons. The company to be seen in this city is said to be even stronger than those seen previously. "Beverly" comes to the Auditorium Nov. 23.

## The Trail of the Lonesome Pine.

"The Trail of the Lonesome Pine," Eugene Walter's great play, which comes to the Auditorium Nov. 25, contains no problems, no question of sex dominance, but is absolute in the purity of its sentiment, the uplift of its moral, the poetry of its romance, which is only another name for the infinite ideal. A genuine man wants a genuine woman; he monopolizes all her thoughts by day, her image blends with everything he sees and her voice with everything he hears. His imagination is a lens which gathers all the light and heat of a great world, and focuses them on June. The actress has a great role in this play of Eugene Walters, which marks a sentinel like the pine, around which the plot revolves with the purity of the American drama, for it is not a fanciful dream, but a plain statement, without exaggeration, of the story of romantic love.

## MYSTERIOUS CORNELL ON EXHIBITION

The Cornell Clothing store has an attraction this week that is demanding the attention of all who pass their store. This is "The Mysterious Cornell," known all over the country as the human-mechanism. "Cornell" has the unusual faculty of being able to maintain the rigidity of his features under all circumstances, and holds the same expression so long that many are convinced that he is only a mechanical figure. He is attired in a brown walking suit of the Cornell brand—the brand that shows perfection and allows freedom of movement with even a mechanical man.

## MAGICAL EFFECT OF NEW FACE PEELER

(Woman's National Journal)  
To eliminate a clear, rosy, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercurized wax, which you can get at any drug store. Just apply the wax at night as you would cold cream; in the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. The mercuride in the wax causes the worn-out scarf skin to come off in minute particles, a little at a time and soon you have entirely shed the offensive cuticle. The fresh young under-skin now in evidence is so healthy and girlish looking, so free from any appearance of artificiality, you wonder why you had not heard of this marvelous complexion-renewing secret long ago.

To get rid of your wrinkles, here's a formula that is wonderfully effective: 1 oz. powdered savitoe, dissolved in 12 pt. witch hazel. Bathe the face in this and you will be simply astonished at the results, even after the first trial. (Advertisement)

## NIGHT SCHOOL OPENS AT THE LOCAL Y. M. C. A.

The Y. M. C. A. night school commenced its sessions last night with an attendance that more than fulfilled the expectations of Secretary Johnson and the instructors who were prepared to receive the classes in mechanical drawing, English and other subjects. Over a score of young men, employed in the various factories and stores of the city, enrolled for the courses, and expressed their confidence that the night school would fill a long felt want among the employed men of the city. No actual work was done last evening, the students devoting their time to enrolling and securing preliminary instructions as to material necessary, etc. Superintendent of Schools Wilson Hawkins was present and delivered a brief address, outlining the advantages of continued study, and overthrowing the idea that many have that there is an age in a man's life when it becomes useless for him to study. He was very optimistic regarding the future of the local school, and prophesied that the students would find in the courses offered by the Y. M. C. A. the means of securing better and more lucrative positions.

Activities at the local Association are being directed now toward the securing of at least 200 additional members. Teams have been arranged among the junior and senior members, captained by men and boys who have shown themselves particularly capable in their ability to reach others, and it is believed that the required membership additions will be easily secured within the next three weeks. The captains of the junior team were entertained by Assistant Secretary Flora at a luncheon last evening, chicken pie and ice cream arousing the boys to an enthusiasm that promises great things for the campaign. The ten leaders of the adult teams will outline their plans at a luncheon in the Association building at 6 o'clock this evening, directed by Secretary Johnson.

## LIEUT. BALLARD WINS SECRET OF NOTED CHEMIST

Senior Cassamiro Reveals Greatest Discovery of Scientific Importance to U. S. Army Officer.

The greatest discovery in medical science within recent years is that of a chemist and bacteriologist, Senior Elie Cassamiro, who perfected the formula of a wonderfully efficient preparation of great medicinal value while professionally engaged in research work in the Philippines.

In this connection an interesting story is related by the advance representative of Lieut. R. T. Ballard, of the Miller-Addison Company, who is introducing the Cassamiro remedy in this country. The story of its origin, said the representative, is this:

"Lieut. Ballard, native of Ohio, and a man of strong personality, was an officer in the 22nd U. S. Volunteers during the Spanish-American war. In the Philippines he made the acquaintance of Senior Cassamiro, who had been commissioned to study sanitary and hygienic conditions there. His investigation had particular reference to the prevalence of disease, its source and peculiarities. For this work he was well qualified by reason of his specialized skill in such matters.

"During the course of his investigations and study, Senior Cassamiro and Lieut. Ballard met frequently. With time their acquaintanceship ripened into a mutual friendship. So intimate was this relationship that Senior Cassamiro made his secret formula known to Lieut. Ballard. The formula had been successfully used by Senior Cassamiro in relieving all physical disturbances arising from diseases of the mucous membrane, which included many forms of catarrhal affections.

"At the time the formula came into Lieut. Ballard's possession, his company was located in the trenches at Los Angeles, Philippine Islands. Common, everyday colds, recurring frequently, resulted in various chronic catarrhal affections. To relieve the discomfort of his comrades Lieut. Ballard made frequent use of Senior Cassamiro's discovery.

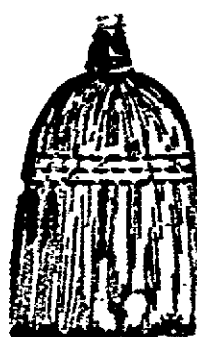

"The formula afterwards became known to a few non-ethical physicians, who unscrupulously used ingredients of questionable worth in their imitation of the valuable remedy. Detection of this substitution quickly followed.

"Senior Cassamiro, learning of their duplicity, raised such a storm of protest that the non-ethical physicians were obliged to abandon the preparation of the formula. To guard against such deception in the future, and to preserve the integrity of the formula, a company was formed there by Senior Cassamiro to manufacture and market it, in its virgin state, through exclusive agencies.

"Lieut. Ballard, upon his return to this country, found that the fame of the Cassamiro remedy had preceded him. It was being highly praised on the Pacific Coast, where its worth had been made known by returning soldiers."

listened to two strong sermons by the Rev. G. B. Schmidt in the morning and by Dr. H. L. Yarger, D. D., in the evening. The music rendered by the choir of girls and young men was excellent.

The offertory was in charge of Dr. Yarger, traveling secretary of the Board of Church Extension. It was evidenced after the summing up of the amount of money raised for the day that people had not gathered either in a curious spirit or merely to receive of God's blessing, but as well to work, to do, to sacrifice in the interests of His kingdom. Not only was the amount called for raised, but a handsome margin. The formal act of dedication was performed at the evening service by the pastor, assisted by Dr. Yarger and the Rev. W. K. Hines, the latter also having had charge of the evening service. The pastor and people desire to express their sincere gratitude to their interested and generous friends, and want to assure them that the doors of Holy Trinity shall always be open for them to the means of God's grace.

A letter just received by the Advocate from J. Tod Abbott, San Antonio, Texas, says: "Splendid work you are doing in Newark. Through the medium of your worthy paper I have felt the very force of the lesson the Evangelist has expounded. Goodness and truth know no bounds. Once more that old adage has proved itself true for I have felt the very influence of the wonderful and beautiful lessons he has taught about God and the right. Surely omnipotent power is behind such work when I far on the Mexican border feel that individuality and the very voice of the speaker himself. \* \* \* Allow me to congratulate you for the noble part you have played in acting as spokesman to many who were unable to attend the meetings. for you have nearly taken me into the

## HOUSEHOLD ECONOMY

Wives cannot be expected to conduct the household expenses on strictly economic basis unless they are allowed advantages equal to those enjoyed by husbands.

Men buy a new typewriter, install a new piece of machinery, introduce a new and up-to-date equipment wherever it will pay a profit, or a reasonable rate of interest on the money invested.

Men often ask the women folks to get along with an old broom, old flat irons, wash boards, wash tubs and even gas jets.

A woman can save time, money and labor by introducing electricity in the home. And the man who is not willing to practice economy in the home is saving with a spoon and throwing away with a shovel.

There are many ways in which electricity can be used in the household work that it will almost save an extra maid-servant. And some maid-servants eat more, waste more and charge more than several times the cost of Electricity.

Utica, Jan. 17-18: Blackford, Beckley, speakers; Geo. H. Kirkpatrick, Utica, president; A. H. Shaw, Utica, secretary.

Ohio farmer institutes reach a quarter million people. The law provides that the State Board of Agriculture conduct these institutes. Many more applications were made this year than could be granted. State aid can not be given to more than four in a county, in the way of paying local expenses. Speakers may be furnished to independent meetings of which nearly 150 will be held in addition to the 350 regular institutes. One or two lectures to boys under 21 years will be given. This is a new feature. In addition to above speakers, a lady instructor will be assigned for one lecture. The records show that the farmer institute is growing stronger, and more popular.

## TO FIGHT HOGAN'S RULING ON POWER OF POLICE CHIEFS

Lima, O., Nov. 12.—Following the ruling of Attorney General Hogan that a police chief has the exclusive power to suspend and remove patrolmen, Edwin Blank, director of public safety, who has contended that it was within his power to "fire" police officers, has announced that he would fight the ruling. Blank suspended seven patrolmen prior to the finding of the attorney general.

## DON'T SCOLD AN IRRITABLE CHILD

If Tongue is Coated, Stomach Sour, Breath Fervish, Give "Syrup of Figs" To Clean the Bowels.

Your child isn't naturally cross, irritable and peevish. Mother! Examine the tongue! If coated, it means the little ones' stomach is disordered. Liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little ones' tender stomach, liver and bowels so effectually, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatic it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

## BACKERS OF TAFT IN GRANVILLE MUST RAISE MOUSTACHES

Don't be surprised if at various places about the city and especially in the vicinity of the interurban station, you come upon divers young men who seem to have taken a sudden and unaccountable liking for exterior decorations in the form of moustaches. There is a reason, and if you chance to be called to the quiet college town of Granville you will no doubt find other samples of the embryo brush and perhaps you will discover just why it is that certain of the "fuzzy-facers" have decided to go a step further and become "fuzzy-facers."

An investigation shows that the youthful raisers of the facial alfalfa are confined to one of the secret organizations of the college—Mu chapter of Sigma Chi, and that the reason for their agricultural efforts is found in their adherence to the Republican candidate for the presidency.

The story runs that the boys, feeling especially "collegiate" just before election, arranged with the other fraternities, Phi Gamma Delta, Beta Theta Pi, Kappa Sigma and Alpha Nu Sigma, a wager that Taft would poll a greater number of votes than the Bull Moose candidate. The side losing the bet is to keep the

# Friday Is Library Day At T. L. Davies

10% OF EVERY CASH SALE WILL BE DONATED TO THE PUBLIC LIBRARY

Realizing that talk and good wishes will not tide the Library over its present financial difficulty and desiring to aid such a beneficial institution we are going to make this most liberal offer to be in effect one day, FRIDAY NOVEMBER, 15th. This is a rare opportunity for every loyal citizen of Newark to help such a worthy cause as the PUBLIC LIBRARY without expending a cent of extra money. Just think of what you need in the Dry Goods and Garment line then purchase Friday. Ten cents of every dollar will go to the Library the following day. Friday will be a profitless day with us so far as money goes, for after deducting the expense of doing business and giving away ten per cent it leaves us with nothing but the cost price. This we are more than willing to do and urge upon you to co-operate with us so that the sales will reach an extra large sum thus assuring the Library of a big donation. The more we sell the more it gets, so let everybody supply their Winter wants here Friday. Special prices will be in effect throughout the entire store and this combined with Newark's largest assortments will make shopping doubly attractive.

## LIBRARY FUND STILL GROWING

Within the past few days the Board of Trade has come to the relief of the Public Library and by a contribution from its treasury and by securing small subscriptions from a number of citizens, is raising a fund sufficient to tide the Library over until the city officials have opportunity to make provision for the institution during the year 1913. To date the sum of \$270 has been subscribed. Mr. George B. Sprague sent in a \$10 subscription today. Mr. T. L. Davies, the dry goods merchant, offers to give 10 per cent of his sales next Friday, Nov. 15, to the Library fund.

Those who know what the Library is doing for the boys and girls and the adults of Newark are its best friends. One who visits the Library and sees the people who are enjoying the splendid service it provides are most enthusiastic and are determined that the good work shall not stop.

One man was heard today to say that the Library is for the "400" and should therefore not be supported by the public funds. A visit to the Library will answer this man's assertion. The Library is the supplement to the schools and the churches. It deserves not only private but public support. Zanesville gives \$6660 a year to support its public library while Newark has been giving \$600.

The number of books in the Library is constantly growing, and the demand for books is constantly increasing. What better thing can one do than to encourage the reading of good books?

FROM MR. N. C. BROWN.

Through the columns of the Newark Advocate, I wish to express my thanks to my friends and the voters of Licking county for their loyalty and support in my campaign for commissioner of Licking county.

## Clean pots and pans with GOLD DUST

Germes of decay accumulate on oft-used pots and pans, and ordinary soap and water only cleans off the surface.

Gold Dust does the work—and does it right. It digs deep after germs, cleans like a flash and leaves your pots and pans as bright as the day they were new—and sanitarily safe.

Gold Dust does this work in just half the time required by soap or any other cleanser. Does it better, too.

Gold Dust cleans everything like magic.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

## NEWARK WOMAN REPLACED MEMBER EAST LYNNE CO.

Actress Taken Seriously Ill and Mrs. Clyde Franklin of Locust Street Plays Role.

In these days when the press is flooded with tales of actresses who leave their profession for a husband, whether it be her own or some other woman's, it is refreshing to find a case in which a wife returns to the stage life, not from any financial motive, but simply to accommodate a friendship of years before. It was such an incident as this that gave Newark theatre goers an opportunity to witness the appearance of Mrs. Clyde Franklin (Musa Beall) of West Locust street, in "East Lynne" at the Auditorium theatre last evening. Although she had not played the role of "Barbara Hare" for many years, the local artist gave to the part an interpretation that was entirely satisfactory to the eleven hundred persons who crowded the theatre, and she was accorded their hearty applause throughout the production.

The "East Lynne" company which appeared here yesterday was one of the best low-priced organizations on the road, and is managed by Joseph King, well known in theatrical circles. The part of "Lady Isobel," the leading role, is usually taken by Mr. King's wife, but she was taken seriously ill shortly after her arrival in Newark and was forced to go to the Newark Sanitarium for treatment. She underwent an operation last night, and is reported to be still in a very critical condition.

The absence of Mrs. King, whose stage name is Norma Berwin, from

the regular cast, nearly disrupted the organization. Her part was assumed by Adelaide Turner, who has studied the "Isobel" role for several months, and was ready to give it proper interpretation. This left Miss Turner's role that of "Barbara Hare," without anyone to properly represent it, and it was feared the production in this city would have to be cancelled.

Manager Johnson of the Auditorium happened to remember that Musa Beall (now Mrs. Clyde Franklin) of this city, was formerly a member of King's stock organization at Lancaster, Pa., and suggested that she might remember the lines of the "Barbara Hare" role. A visit to the Franklin home and an appeal on the basis of a friendship of many years standing, brought Mrs. Franklin to an acceptance of the role for a few nights. She hurriedly reviewed the lines, found that the costumes afforded were properly arranged for her, and went back to the stage-life, even though only for a few nights, with all the ardor and ability that characterized her earlier work. When it was found that Mrs. King would be unable to resume her work for several days, Mrs. Franklin consented to appear in Coshocton, and may remain in the role until her friend has fully recovered her strength. Further, she makes no promises.

Mrs. Franklin is a sister of Manager Frank Boyce of the Orpheum theatre.

First Dose of Pape's Cold Compound Ends Grippe Misery—Tastes Nice—No Quinine.

You can surely end grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, stiffness and rheumatic twinges.

Take this wonderful compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist can supply—no quinine—no substitute—contains no quinine—belongs in every home. Tastes nice.

## POSTPONEMENT OF CRIMINAL ASSIGNMENTS

Action Necessary on Account of Civil Court Cases—News of the Licking County Offices.

The criminal assignment in common pleas court published in Monday's Advocate, included only those cases which have been assigned for trial during the first week of the criminal session.

It was the intention of the prosecutor to begin the trial of the cases on Monday, Nov. 18, but owing to the fact that the court will be occupied with civil business already assigned, the cases were postponed one week, making the trial of criminal cases start on the following Monday.

This action left the remainder of the criminal cases unassigned. It is said that there are several cases set for the week of Nov. 25 which will not come to trial, and this may expedite the business of the court to such an extent that it will be possible to try some of the unassigned cases during that week.

Owing to the jail delivery of last month, two cases will be dropped from the present assignment. One of these is that of George Johnson, the negro who escaped from the jail and afterwards met an accidental death from a bullet from the automatic revolver which he had stolen from the deputy at the jail. Another case is that of A. R. Brake, who escaped with Johnson. He is still at large.

The cases which will come before the consideration of the court, but which are unassigned as yet, are:

Ohio vs. Thomas Holtzberry, failure to provide.

Ohio vs. Jerry Morath, failure to provide.

Ohio vs. Fred Winebar, failure to provide.

Ohio vs. Robert E. McCullough, failure to provide.

Ohio vs. James Wadell, grand larceny.

Ohio vs. J. A. Steese and W. H. Church, obtaining property under false pretenses.

Ohio vs. F. R. Kortney, failure to provide.

Ohio vs. Harry Biddle, failure to provide.

Ohio vs. Harry Jenkins, passing articles into the jail.

Ohio vs. Walter Mitchell, burglary and grand larceny.

Ohio vs. Grace Reynolds, grand larceny.

Ohio vs. A. R. Brake and Raymond Tipton, burglary and grand larceny.

Ohio vs. Phil Kirby, grand larceny.

Verdict for \$200.

The jurors returned a verdict for the plaintiff for \$200 in the case of Ora Woolard vs. the Ohio Electric Railway Company, a suit for damages for personal injuries sustained by Woolard while a passenger on one of the cars of the defendant company.

**Alimony Hearing.**  
In the matter of Lillie Kirk vs. Angus Kirk and the B. & O. Railroad Company, an action for divorce brought in common pleas court, the defendant, Angus Kirk, has filed his answer.

The answering defendant admits the portion of the petition of the plaintiff relating to her residence, their children, his employment and their household goods, but denies the other allegations of the petition. Mrs. Kirk's petition charges her husband with extreme cruelty and gross neglect of duty.

Yesterday the court refused the application of the plaintiff for temporary alimony.

## ASKS FOR VIEWS OF THE LEADERS

(Continued from Page 1.)

gether planned, and of course I remember all the details of its building and the development of the little piece of property. These gentlemen came to tell me that my friends in South Carolina had interested themselves to get control of that house, which they would fix up in any way convenient for me for use in the winters if I wanted to go South while President.

"The house is just near a very big and comfortable hotel, built since our time, that will make it quite convenient for the secretaries and their families to live within easy reach of me. It seemed to me it was an ideal suggestion, and that it embodied a very pretty sentiment. In that little Southern home I had perhaps the largest number of my boyhood associations."

"Of course, I expect to have my same old room when I return to the old home."

Mr. Gonzales said, after calling on the Governor, that the house had been purchased by the people of South Carolina, and that it had been placed at the disposal of the President-elect "for a period of eight years."

The attention of the Governor was called to a newspaper editorial which said that his conceptions of the presidency could be found in his book on "Congressional Government."

"I wrote that when I was 28 years old," said the Governor. "I haven't read it since, so I don't know whether I have changed my opinions or not."

The President-elect has had a great number of requests for speeches, but he said he was declining them all as he had plenty of work ahead of him. Two engagements made before his election will be kept, one at a dinner of the Southern society in New York, and one at a banquet of the Commercial Club of Chicago, both in January. He said he probably would take in the jubilee for him at Staunton, Va., his birthplace, on his way to the conference of Governors at Richmond, Va., during Christmas week.

The governor announced that in his vacation retreat he would go "incog." He will call on the local officials and request that his identity be not officially recognized.

"I am sure everybody will respect that wish," he said. "I am going to a remote place. There will be no news from me. I am going to write my message to the New Jersey Legislature and rest."

He said his chief diversions would be bicycling and horseback riding. He will go to New York Friday night preparatory to sailing the next day.

Governor Wilson expects to name, along with the other members of his Cabinet, an executive for the proposed Department of Labor.

"I hope there will be a new member of the Cabinet for the Department of Labor," he said. "It will be a very important selection to make. Everybody confidently expects it, and I have been told that all sides in Congress favor the new department. The immediate creation of the department is, of course, dependent on the action of the approaching session of Congress."

## STOMACH UPSET? SOUR? "CASCARETS"

Gently, But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a ten cent box from any drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## PROPOSED TRIP TO PARKERSBURG

Several Newark people have talked with the railway officials regarding an excursion train from Newark to Parkersburg, W. Va., proposing to go to Parkersburg on Thanksgiving day to attend one of the Lyon meetings. It is said that if a round trip rate of \$1.50 could be secured 500 or more people would make the trip.

The B. and O. railway says that "providing we can furnish the equipment on the date selected, we will operate a special train from Newark to Parkersburg and return for a minimum of 75 people ticketed at the tariff or party fares for the round trip. This minimum applies of course only in case the round trip movement is made within 24 hours."

District Passenger Agent F. P. Cooper says: "I regret to advise that this is the best proposition we are in a position to offer. The details of the trip can be taken up with our ticket agent, Mr. F. C. Bartholomew of your city."

Only a Fire Hero

But the crowd cheered, as, with burned hands, he held up a small round box. "Follows," he shouted, "this Bucklen's Arnica Salve I hold, has everything beat for burns." Right! Also for boils, ulcers, sores, pimples, eczema, cuts, sprains and bruises. Surest pile cure. It subdues inflammation, kills pain. Only 25 cents at F. D. Hall's.

## HOSPITAL PLANS CONSIDERED BY BOARD TRUSTEES

Geo. B. Sprague Elected Trustee in Place of W. N. Fulton, Resigned Owing to Ill Health.

At a meeting of the Newark Hospital trustees held Monday night at the Franklin National bank, the plans and specifications for the proposed hospital submitted by Architect Frank L. Pachard were given careful attention. Secretary Woodbridge was authorized to go over the plans and specifications with a prominent local contractor, and the meeting was adjourned until Wednesday night when the plans will be further considered by the trustees.

Mr. Edward H. Everett was present at Monday night's meeting and expressed his entire satisfaction with what had been done and expressed approval of the plans submitted.

The resignation of Mr. W. N. Fulton was accepted. Mr. Fulton resigned from the board on account of ill health. Mr. George B. Sprague was elected to fill the vacancy. The hospital trustees are Messrs. S. F. Van Voorhis, James F. Irwin, W. D. Fulton, George D. Halsey, Wm. L. Prout, C. H. Spencer, Edward Kibler, Sr., George B. Sprague, H. D. Woodbridge, Frank L. Beggs, Mr. Van Voorhis is president of the board. Mr. Woodbridge is secretary and Mr. Prout treasurer.

The trustees hope to have work of construction commenced soon.

## POURED PAINT OVER INVERTED NUDE MAIDEN

Norwalk, O., Nov. 12.—Minnie La Valley, the 19 year old girl who claims that on the night of August 30, last, six men of West Clarksville, her home village, stripped her and covered her body with black roof paint, told her story to a jury here today. The jury was obtained 15 minutes after court convened.

She said that on the night in question she escorted a young girl friend, Erma Schwartz, to the depot to take a train to Norwalk. On her way home, she said, just in the center of the village, she was seized by seven men.

They hauled her back of a store building and after partly stripping her, stood her on her head and poured paint over her. She said she ran home when she was released. The witness said Ernest Welsh was first to grab her and that Harlow Welsh rubbed the paint on.

THE BIRTHDAY CALENDAR.  
\*\*\*\*\*

IF THIS IS YOUR BIRTHDAY

Remember the depression and discouragement which must surely follow too much pleasure and excitement. Your best course is to avoid quarrels and make steady endeavors along practical or serious lines. This will eventually please you best.

Those born today will be unsettled and not successful unless they are under exceptionally wise and strong early influences. They will be capable of great and sustained effort, but unless taught to understand this they may waste their lives in shallow pursuits or in slavery to the senses.

Contentment is a jewel that shines in any setting.

## STOPS HEAD NOISES CURES CATARRH AND PREVENTS DEAFNESS

This Simple, Harmless Treatment Clears the Head in a Few Minutes.

If you are troubled with Catarrh, Catarrhal Deafness, Catarrhal headache, head noises, dullness and that stuffed up feeling with frequent wheezing, sneezing spells, sore throat, asthma, Hay Fever or kindred affections, certainly you should try the Nostriola Treatment.

Nostriola is a simple, harmless, antiseptic, cleansing, healing balm, quickly reaches and heals the sore, inflamed mucous membranes, clears the head, opens the air passages, and in cases of Catarrhal deafness a few applications of this treatment frequently restores the senses of smell and hearing.

The nostrils and air passages are the breeding places for the Catarrhal germ. When the membranes become sore and inflamed you catch cold easily, and each new cold increases the inflammation. The Nostriola Treatment heals and strengthens the linings of the air passages so that they are able to resist and throw off colds.

Nostriola is put up in sanitary tubes—25c for sixty days' treatment. Buy a tube of your druggist today and you'll wish you had tried it sooner, for Nostriola is certainly worth its weight in gold to all who use it.

## PAYS NEWARK A FINE COMPLIMENT

The Christian Science Monitor, published at Boston and considered the "model newspaper" of the country, in its issue of Friday, November 8th, contained a column article regarding Newark and its financial and commercial institutions. The story is illustrated by a view of the Helsey glass factory and one of the Helsey stove works, both of which show remarkably well the extensive nature of these plants.

After commenting on the city's history, both past and present, and the desirability of residing here because of the stability of Newark's institutions, the article concludes as follows:

"Fortunately situated with geographical and topographical position unequalled in Ohio, Newark is one of that great state's most hospitable, aggressive and popular communities for an ideal home, and for opportunity for betterment along almost any line."

## BIGELOW AFTER BIGGER CHANCE THAN AS SPEAKER

Cincinnati, Nov. 12.—The Rev. Herbert S. Bigelow, president of the recent constitutional convention, who was elected member of the state legislature at the last election, announced today that he would not be a candidate for speaker. It is said that he will become a candidate for the democratic floor leader of the house, believing it offers a wider opportunity than the speakership. C. L. Swayne of Hamilton county is expected to become a candidate for the speakership.

## LORIMER MAY HAVE TO YIELD TO OPERATION
